DR M JAYANTHI , PROF DR V  
POORNIMA

## FACULTY :

PROF DR M JAYANTHI  
PROF DR V POORNIMA  
PROF DR ANIL KUMAR  
PROF DR P SHANKAR  
PROF DR C.S KARUMARAN  
PROF DR M RAJSHEKARAN  
PROF DR VENI ASHOK

## COURSE OUTLINE:

Endodontic management of vital/non-vital young permanent tooth with a wide-open blunder-buss apex has long presented a challenge. An immature young permanent tooth is defined as a one where the apex can be considered to be open . The importance of diagnosing ,managing and successfully treating young permanent tooth should be emphasized. With the above-mentioned objectives in mind, A course has been designed to educate and empower the participants to handle any case of treating young permanent tooth.

## COURSE PLAN :-
