Respected Sir

Sub: Submission of AUGUST Monthly Academic Progress (MAP) Report of the 1st Year BDS
(Aug 21 Batch, Joined March 2022)

As per your guidance, instructions and directions, the classes (theory/practical) for the current 1st BDS have been regularized since early June 2022 and continued effectively in August 22. Classes continue to be in physical mode following the prescribed guidelines. Any student with any symptoms are barred from attending the class and referred to office for further necessary steps.

Apart from regular classes, micro-teaching and mentorship program was continued. Through the periodic assessment via the in-house, incremental learning methodology – Learning One Question A Day (OQAD) was effectively followed. Errors, omissions and shortcomings in each of submissions are being pointed on daily/weekly basis. The attendance, academic progress, completion of practical work and monthly internal test result and the daily progress with OQAD for the entire batch is attached herewith for your kind perusal. Parents have been informed of the same via their respective Whatsapp number. For the underperformers/frequent absentees, direct verbal, telephonic contact has been established with parents and situation analysis briefed. Remedial steps instituted with their consultation.

In this regard, I request you to guide us further and let us know of any further remedial actions to be initiated further to improve the oral histology/tooth morphology teaching and learning modalities.

Thanking you
Yours sincerely

Dr. Rooban Thavarajah

Attachment: Daily OQAD performance of August 2022, attendance, practical work completion details along with July Internal Assessment Test marks of 6 different batches by respective mentors.

Comment:

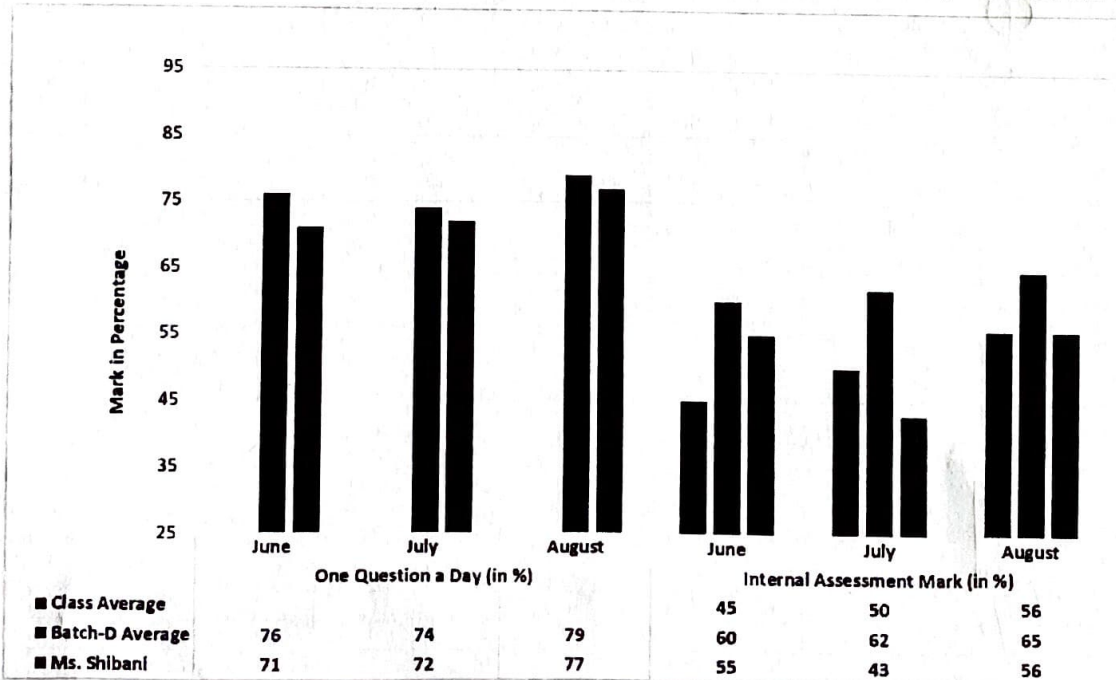

- She has concentrate on preparation from exam point of view
- Has to complete tooth morphology carving part
- She has to realise that every OQAD is an exam preparation & do it accordingly
- Need to invest hard and smart work
- I hope she will start doing much better in the revision tests scheduled later this month

Dr. Rooban Thavarajah

Student should not share answers for OQAD or support copying. I see a great deal of uncanny resemblance. For detailed information on this subject - please call me at 9894844721 during office hours. Kindly advice and encourage your ward; தமிழில் கருத்துக்களை கேட்க என்னை தொடர்பு கொள்ளவும்.

Comment:

- She has concentrate on preparation from exam point of view
- If she does, she can aim high score and distinction
- Has to complete tooth morphology carving part – she is lagging behind
- She has to realise that every OQAD is an exam preparation & do it accordingly – Mistakes should be corrected rather than accumulated.
- Need to invest hard and smart work
- I hope she will start doing much better in the revision tests scheduled later this month

Comment:

- She has concentrate on preparation from exam point of view
- Has to complete tooth morphology carving part
- She has to realise that every OQAD is an exam preparation & do it accordingly
- Need to invest hard and smart work
- I hope she will start doing much better in the revision tests scheduled later this month

Student should not share answers for OQAD or support copying. I see a great deal of uncanny resemblance. For detailed information on this subject - please call me at 9894844721 during office hours. Kindly advice and encourage your ward; தமிழில் கருத்துக்களை கேட்க என்னை தொடர்பு கொள்ளவும்.

Comment:

- I understand that she is fulfilling her family obligation. But has not attended physical classes. – Practical session are important as theory
- She has concentrate on preparation from exam point of view
- Has to complete tooth morphology carving part – She HAS NOT STARTED CARVING at all – lagging in the entire batch
- She has to realise that every OQAD is an exam preparation & do it accordingly – Pointed errors and mistakes should be rectified and NOT repeated
- Need to invest hard and smart work
- I hope she will start doing much better in the revision tests scheduled later this month

Comment:

- He has concentrate on preparation from exam point of view. He is lagging behind in theory and takes life very easily. Is very lazy when it comes to writing OQAD.
- Has to complete tooth morphology carving part. He has not submitted even ONE TOOTH. Parent to motivate
- Has NOT submitted lot of OQAD this month – 16 work has NOT been submitted. Academic lag may reflect on the scores taken in exam.
- He has to realise that every OQAD is an exam preparation & do it accordingly
- Need to invest hard and smart work
- I hope he will start doing much better in the revision tests scheduled later this month
