EXAMINATION REFORMS

The Institution follows the guidelines set by the university and Dental Council of India regarding the conduct of exams for the BDS and MDS programs. The university has made various reforms in last 5 years in process of conduct of examination and evaluation. The Internal assessment and attendance details are entered through online portal of the university. The Basic Science paper for the Ist MDS is conducted at the end of their 1st year and the core subjects at the end of the 3rd year.

As per the university's orders the examination halls are supported with CCTV cameras, metal detector and mobile jammers. Hall tickets are downloaded from the portal. The downloading of question paper is fully automated, where the chief superintendent has to log-in into the university website portal, 15 minutes prior to the commencement of exams. The question paper is downloaded exactly 15 minutes before and downloaded question papers are photocopied as per the required numbers. Every institute has to record details of activities of the examination hall 30 minutes before the commencement of exam till the packing and sealing of the answer books bundle is over and it is recorded in the CCTV camera for verification.

The chief Examiner is responsible to send the recorded footage in a CD and is sent to the university on the same day along with the answer books bundle. The manual paper correction was phased out in the university from 209 and now all the answer scripts are scanned and uploaded and the examiner evaluates
