4.2.4 (QnM) – Availability of infrastructure for community based learning

Response:

Education is the cornerstone of our communities and our country

RDCH has 7 peripheral health care centres including both satellite primary health centre and rural health centre across Chennai. All the 7 centres are equipped with well-maintained dental chairs. 1 portable dental chair is provided by the institution and 1 dental chair in the mobile dental unit is also available for community based learning. Public addressing system which includes a mike and a mobile projector is available for the benefit of community based learning. Staffs, PGs and interns are posted on all days on rotational basis. Patient screening along with all basic and emergency dental procedures are performed. Patients who require any higher dental procedures are referred to the institution for further management. Health education and anti-tobacco counselling is also provided for the benefit of the rural population.
